

Remember, "**Drop, Cover and Hold On**". These are the key actions that you should follow in the event of an earthquake. Keep this guide with you and remember the guidelines in case of disaster.

Drop, Cover and Hold On immediately!

study desk or table if nearby.

#### In the event of an earthquake:

there is **no table or desk** near you, drop to the ground and then if possible move to an inside corner of the room. Be in crawling position to protect your vital organs and be ready to move if necessary, and cover your head and neck with your hands and arms.

\*If you are in a wheel chair, **lock your wheels** and remain seated until the tremors stop. Always protect your head and neck with your arms, a pillow, a book, or whatever is available.

### COVER!

• DROP to the ground.

**DROP!** 

- COVER your head and neck with your arms and seek shelter by getting under a
- HOLD ON!
- HOLD ON to your shelter and be prepared to move with it until the tremors stop.

### In the event of an earthquake:

1 Move away from glass, windows and furniture.

3 After the earthquake, e.g. two to five minutes after the earthquake, turn off stove and any other flames in the kitchen.

6 Check and secure the safety of your family and home.

- Check and secure the safety of your family.
- Seek out disaster and evacuation information. - Watch out for broken glass and toppled
- furniture.

- study desk or table if nearby.
  - Do not rush out of the house. Stay inside. Roof tiles or broken windows may fall down and hit you.

Secure an exit for escape when the tremors stop. Open doors and windows.

6 After getting out of the house, **cooperate** with your neighbours to rescue people trapped inside their houses and under furniture. Also, extinguish fire.

## **Essential Supplies**

For the first several days after a disaster, such as earthquake, there **may be interruptions of essential services** including water, gas, electricity and telephone service, as well as limited food supplies.

In consideration of such situation, it is critical to **prepare emergency supplies stock for at least two to three days**.

**Water** - Four litres per person per day. Change water every three to five months.

**Food** - Canned or precooked, requiring no heat or water. Consider special dietary needs for infants, the elderly and etc.

**Flashlight** with spare batteries and bulbs.

Battery operated radio with spare batteries.

Large plastic trash bags for trash, waste, water protection, ground cloth, temporary blanket.

Hand soap and/or disinfecting hand cleaner gel that does not require water.

Feminine hygiene supplies, infant supplies, toilet papers.

**Essential medications** as required for glasses if you normally wear contacts.

First aid kit with instructions.

Paper plates, cups, plastic utensils, cooking foil and plastic wrap (wrap around plates so that they are re-usable) and paper towels.

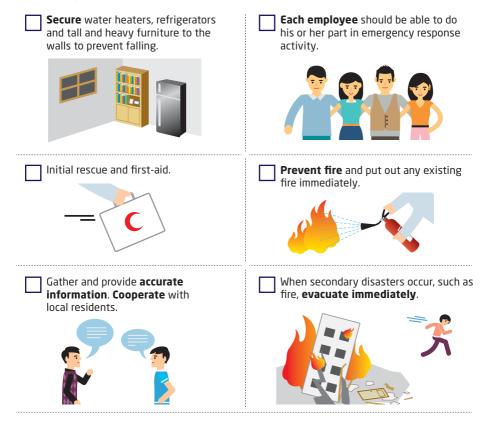

Lighters, matches, charged external batteries (Powerbank).

Pen and notepad.

# **Essential Preparations at The Office**

To protect employees and customers, discussing disaster prevention measures on a regular basis is important.
