The Product Disclosure Sheet (PDS) provides some of the key information that you should consider before you buy a medical insurance policy that best meets your needs. You should read your insurance policy contract carefully for full details on your coverage.

FIND OUT MORE [HERE](#)**Step 1 Is this policy right for you?**

- This policy covers hospitalisation and surgical expenses (“H&S”) incurred due to illnesses covered under the policy until age 90 years old next birthday.
- Your premiums will be pooled with other policy owners’ premiums to pay claims. If the total claims paid out from the pool of fund is high, the premium for all policy owners in the same pool may increase, including your premiums **even if you did not make a claim.**

Step 2 Does it meet your needs?**What is covered?**

Plan: A

Co-insurance: 5% per hospitalisation, max RM 500 per year

- Hospital Room & Board: RM 150
- Surgical Expenses: As Charged

Benefits payable are on cashless basis and subject to:

- Annual Limit: RM 50,000
- Lifetime Limit: No Lifetime Limit

What is not covered?

- Medical conditions that you had, or had symptoms of, before buying the plan (i.e. pre-existing condition)
- Specified illnesses (e.g. hypertension, diabetes)
- Diseases required quarantine by law

This is not a complete list. Please read your policy contract carefully for full details on what is and is not covered.

Step 3 Can you afford the increase in premium over time?**Premium Projection Table**

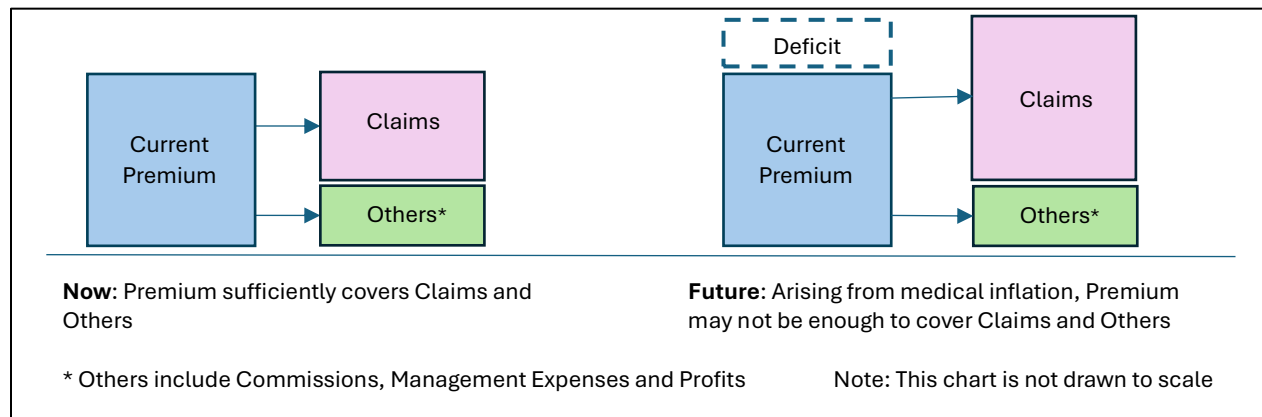

Age	Current premium upon attained age (RM)	Estimated Premium		Over the long term, you can reduce premiums payable by choosing plans with:
		Based on medical inflation of 7% per annum ¹ (RM)	Based on medical inflation of 10% per annum (RM)	
30	803			a) A higher deductible b) A higher co-insurance c) A lower annual / lifetime limit
35	852	1,195	1,372	
40	942	1,853	2,443	
45	1,083	2,988	4,524	
50	1,340	5,185	9,015	

- The projection above is solely for **illustration purposes only.**

- Premiums are affected by both the increase in treatment costs and the increased use of healthcare services by policy owners. This can result in actual medical inflation rate being higher or lower than the above illustration. We are undertaking the necessary cost containment measures in co-operation with other stakeholders to manage premium increases over time.
- The bulk of your premiums will go to paying claims. On average, for every RM 1.00 of premium paid, RM 0.72² is allocated to pay claims. The remainder goes to pay commissions to insurance intermediaries, management expenses and profits of the insurers.

¹This is the year-on-year increase in the average treatment cost as billed by hospitals to the insurance and takaful industry from years 2020 to 2023.

²This is based on insurance and takaful industry average data from years 2021 to 2023. The actual experience of the plan you purchase may differ from the industry average.

Step 4 What else should you be aware of?

- You must answer the questions that we ask fully and accurately. Failure to take reasonable care in answering the questions may result in rejection of your claim or termination of your policy.
- If you decide you do not want this policy within 15 calendar days after the policy has been delivered to you, you can contact us to cancel your policy and receive a full refund (less any medical examination or administrative expenses incurred).
- Your coverage will only start 30 calendar days after the effective date of the policy except for accidental injuries.
- The commissions³ paid to the insurance intermediary is RM 120.45 or 15% of the annual premium.

This is not a complete list. Please read your policy contract carefully for full details on the key terms and conditions.

³These figures are based on the current premium upon attained age.
