When your Policy Begins Please take note!

Update 1st Odometer Reading

You will receive an app notification to update your car's latest odometer reading into the app. Please do so within 3 days. The Mileage plan will start from the updated odometer reading.

Listen for the beep

For every trip, the Microtag connects automatically to the app via Bluetooth. There will be an app notification and a beeping sound every time it connects.

Add other drivers

As the policyholder, you can add other drivers who drive your car to ensure that the mileage is correctly recorded across multiple drivers.

Top Up Notification

You will receive an app notification to purchase a Top Up if your mileage plan is nearly used up. Remember to update the odometer reading in the app after each Top Up.
